

In TELEASSISTANCE, the ASSISTANCE CALL SYSTEM is one of the services offered by Cerrotek. It's a system conceived to facilitate healthcare workers' job, improving the quality of assistance putting the person at the centre.

Light Alarm K3LGH

Operating Voltage: DC12V, 18V
Operating Current: <10mA
Work Frequency: 433, 92 mhz
Dimension: 78*78*60 mm

Headboard KW3HB

Operating Voltage: DC12V
Operating Current: ≤10mA
Work Frequency: 433, 92 Mhz
Power of transmission: ≤10 mW
Dimension: 80*80*10 mm
Battery Life: above 2 months

Display K4CRI

Operating Voltage: DC5V
Operating Current: 5A
Dimension: 380*185*36mm

Bathroom Alarm KW1PB

Operating Voltage: DC12V
Operating Current: ≤10mA
Work Frequency: 433, 92 Mhz
Power of transmission: ≤10 mW
Dimension: 80*80*10 mm
Battery Life: above 12 months

K-100 Watch Display Receiver

Dimension: 50*40*16 mm
Battery: 3.7 V(lithium); rechargeable
Output: DC5V--1A
